

with 'D' Shaped & Cable Cover Safety Glass Shelves

- **Unique flat panel pivot assembly** precision engineered to a high standard complete with universal fixing bracket for up to 42" Plasma and LCD screens. Optimum viewing position guaranteed with 90° angle of adjustment left to right.
- **Ample shelf space** to support full size hi-fi or mini separates plus DVD player, video recorder, satellite receiver or centre speaker.
- **Safety glass shelves** toughened to BS6206A with polished and shaped edges to give the assurance of personal safety. Safety Glass Thickness: Top - 10mm / Base & Middle - 8mm.
- **Cable Tidy facility** incorporated into rear support, with sufficient space to conceal the wiring from both the screen and associated AV equipment.
- **Increased support, stability and rigidity** contributing to improvement in sound and picture performance using large diameter supports coupled with Alphason's innovative tension rod design.
- **Spacious shelf height and width** - height between base and middle 264mm (10³/₈"), middle to top of 185mm (7¹/₄"). Front aperture of 963mm (37⁷/₈") between supports and overall shelf width of 1100mm (43¹/₄").
- **Complementary products** - in the AD range include supports for full size hi-fi separates (AD5/47), Mini hi-fi separates (AD5/31 & AD3/31) and speakers (AD50 - loudspeakers & AD100 - surround speakers).
